

COMMITTEE ON EMERITI RELATIONS
Annual Report, 2001-02

To the Academic Senate, Santa Cruz Division:

The Committee on Emeriti Relations had a very quiet year in that it launched no new initiatives and received no concerns or complaints from emeriti faculty.

The most significant event of the year was administrative approval of the new guidelines suggested by the committee two years ago for the appointment of emeriti to the title of Research Professor. It is hoped that the availability of this title to emeriti who remain active in publishing, presenting papers at meetings, or working with dissertation students will be of benefit to them. The committee thanks the Committee on Academic Personnel for its willingness to be part of the process for conferring the title, thereby preserving for emeriti the essential principle that the Senate as well as the administration is involved in all decisions related to members of the faculty.

Respectfully Submitted,
COMMITTEE ON EMERITI RELATIONS
