

Von der Muhll, George

February 11, 2016

Dear Frankfurt friends,

It is with sadness that I convey the message that George Von der Muhll (Class of 1952) passed away Tuesday afternoon following a brain aneurysm and major stroke that he experienced in January. His family was with him when he died peacefully, still in a coma.

Please convey your condolences to his wife, Lydia Blanchard (Class of 1953)

lydiablanchard@yahoo.com

As I was searching for an obituary to attach -- I have not found one yet -- I discovered an interview that is available online which includes his unique experience as a student in Germany from 1947-52. If you open the URL below you should be able to save the pdf and read the section about Frankfurt High. (page 33)

I am most sad because I passed up the opportunity offered to me last year to visit Santa Cruz with George as my tour guide. It would have been great fun to compare my life as a political junky to his as the consummate social political observer.

Sadly,

Joyce (Jo) Dixon Helmers
